Vehicles, machinery, equipment	Vibration feeder supply	36
Fuel filling column supply	1 Generator spare parts supply	37
Automobile supply	2 Fabric materials supply	38
Automobile supply	3 Electronic, IT, telecom	
Self-propelled drillers supply	4 Materials , equipment supply	39
Mechanical maintenance materials supply	5 Materials and equipment supply	40
Automobile supply	6 Twisted cable supply	41
Ship materials supply	7 Switch supply	42
Equipment and machinery supply	8 Twisted plastic pipe supply	43
Automobile supply	9 Centrifuge concrete column supply	44
Spare parts supply	10 Clips supply	45
Automobile supply	11 Working equipment supply	46
Spare parts supply	12 Fuses supply	47
Speciality automobile supply	13 Twisted cable supply	48
Technical materials supply	14 Generator supply and installation	49
Workboat supply	15 Generator supply and installation	50
Mechanical shell frame supply	16 Thyatron lights supply	51
(Bid cancel) - Automobile supply	17 Generator supply and installation	52
Automobile supply	18 Body monitoring camera system supply	53
Production equipment, machines	Ceiling exhaust fan supply	54
General mechanical materials supply	19 Ceiling air conditioner system supply	55
Spare parts supply	20 Concrete pillars supply	56
Marine engine supply	21 Communication materials supply	57
Hydraulic press supply	22 iPad supply	58
Spare parts supply	23 Equipment and materials supply	59
Agricultural equipment and machinery supply	24 Air conditioner supply	60
(Bid extend) - Technical materials supply	25 Camera supply and installation	61
Spare parts supply	26 Diesel generator supply	62
Spare parts supply	27 Ethernet switch supply	63
Office equipment supply	28 Anti-drop cable stay supply	64
Mechanical tools supply	29 Materials, components supply	65
(Bid extend) – Software supply	30 Switch replacing	66
Service supply	31 Leasing rights supply	67
Farming tools supply	32 Leasing rights supply	68
Cabinets supply	33 (Bid extend) - Underground cable system supply	69
Storage tables supply	34 (Bid extend) - Led light bulbs supply	70
Equipment and tools supply	35 Equipment and materials supply	71

ONT equipment supply	72	Medicine supply	111
Elevator system supply	73	Medical materials supply	112
Electronic meters supply	74	Digital film supply	113
Concrete pillars supply	75	Medical gas system supply	114
Twisted cable supply	76	Medical oxygen supply	115
Insulators, wire, electric cable supply	77	Chemicals supply	116
Equipment supply	78	Materials, biological supply	117
Air conditioner supply and installation	79	Chemicals supply	118
Access point wifi equipment supply	80	Spare parts supply	119
Switch supply	81	Medicine supply	120
Alarm system supply	82	Medical equipment supply	121
Switch, router supply	83	Medical equipment supply	122
MV, LV accessories supply	84	Medical equipment supply	123
Loose-buffered optical subscriber wire supply	85	Basic chemical supply	124
Electric equipment supply	86	Chemicals, biological supply	125
Television equipment supply	87	Vaccine, chemicals, materials supply	126
Medical instruments, chemicals		Medical materials supply	127
CT_ scanner supply	88	Liquid oxidation supply	128
Ultrasound machine transducer supply	89	Test chemical supply	129
Chemical supply	90	Qualitative test supply	130
Biological products supply	91	Medical materials supply	131
Chemical supply	92	Medical materials supply	132
Gas supply	93	Supersonic machine supply	133
Consumable materials supply	94	Equipment supply	134
Medical gas system installation	95	Medical equipment supply	135

Estimated mandays: Up to 165 mandays

Requirements:

- The selected LCF are expected to have extensive expertise, at least 5 years of experience in the power sector and cooperating with international institutions on assignments in the field of RE projects development or relevant subjects.

- Ability to provide a team of 03 local experts. The below specified qualifications represent the requirements to reach the maximum points:

o 01 senior national renewable energy expert (Team leader) will be responsible for overall coordination, consolidated reporting, and quality assurance of deliverables. The Team leader is expected to have from 17 years experiences (but not below 11 years) in economic or technology relevant to the area of the study; Intensive knowledge and experiences in renewable energy sector in Vietnam with focus on biogas projects, and pricing mechanism setting, participate in developing/ implementing of at least 2 bioenergy projects; experiences in working with government, local authorities, and institutions and RE private sector in Vietnam. Education: Master's degree in power engineering, economics, or similar.

o 01 Technical expert who has from 17 years of experience (but not below 11 years) in the field of energy economics or energy sector in Vietnam, experience on biogas research and analysis, Intensive knowledge, and experiences in renewable energy sector in Vietnam with focus on biogas projects. Education: Master's degree in

power engineering, economics, or similar.

o 01 Policy expert who has from 17 years of professional experience (but not below 11 years) in energy, environment, or relevant sector, at least 5 years of legal documents developments for energy sector, familiar with decision making legal procedure and system in the ministries and Government Office of Vietnam, experience in developing and drafting comprehensive legal reports.

Interested Local Consulting Entity(s) should send bidding documents containing:

1. Letter of Interest (with director's signature and company stamp)
2. Entity profile (incl. Business license (for Firm) or Decision of establishment (for Association), tax code registration, organisational chart, summary of experience in the field of sustainable development, including bioenergy and development of energy pricing mechanisms as well as experience in working for and with international institutions on legal documents development for energy sector or similar area.
3. Copy either audited financial report or annual tax reports of the last 3 years (for Firm)
4. Consortium (if at least 2 entities join the assignment): Consortium contract and nomination of consortium leader

Rejection criteria:

LCF or leading firm of consortium is having less than 5 years working experience in the field in the power sector and cooperating with international institutions on assignments in the field of RE projects development or relevant subjects, and can provide Valid Legal Status (having copy of business registration/ decision establishment + VAT code, incl. related business area about sustainable development or similar area).

The eligible service providers interested in the tender can apply for this assignment and inform us officially before 16 November 2022 through the Email: Question-from-bidder-PoS-VN@giz.de to receive complete tender dossier.

Subject of the email: Tender code: 83424713 BEM/GIZ

The bidding documents with company stamp and signature of the director or the authorized person must be submitted in writing in English, latest by 17:00 (Vietnam time) on 30 November 2022, to the email VN PoS Quotation@giz.de with Tender code: 83424713 BEM/GIZ on the subject of email to GIZ.

Please observe strictly the guidance in the local bidding conditions in the tender dossier.

GIZ is obliged to ensure the confidentiality of all bidding documents submitted.

Important note:

1. Please send your questions (if any) to the official mailbox: Question-from-bidder-PoS-VN@giz.de only.
2. Please send your bidding documents to the official mailbox: VN PoS Quotation@giz.de only.
3. Sending bidding documents to wrong email address will lead to disqualification of the bidder.
